We are opposed to the proposed rate increase requested by Litchfield Park Services Company (LPSCO). The increase is excessive and should not be approved. Customers did not ask LPSCO to build an additional reservoir, add 3 new arsenic treatment systems and incur over \$30 million dollars of expenses only to pass it on to the customer. If, in fact, the Federal Government is requiring additional water treatment standards, then the federal government should pay for it. Not the consumer. The requested increase is unreasonable and we urge you to deny their request. The amount increase in our monthly rate. This is totally unacceptable.

Thank you very much.
